

# 2025 SUMMER CAMP

An explosion of the creative senses! Have your little one join us as we dance, play and explore our way through the holiday.

Every session is thoughtfully designed to keep your little ones engaged, moving, and creating. Every day, Little Movers will rotate through 3 super fun activities with 2 structured sessions and 1 free-flowing session.

## What do we have planned?

### Week 1 - Beach Week

We kick off our Summer Camps this year with BEACH WEEK! Its too hot to go to the beach so we're bringing the beach indoors!

### Week 2 - Under The Sea Week

For week 2 we are braving the dance depths with UNDER THE SEA WEEK! This week our little movers will learn two main dances and make some fun nautical crafts like jellyfish made out of cups and bedazzling their own oceanscapes!

- Main Dances - Seaweed Dance, Jellyfish Dance

### Week 4 - Ice Cream Week

I scream, you scream, we all scream for ICE CREAM WEEK! This week our little movers will be learning some sweet and silly dances while making their own confectionary crafts! They will be coming home with so many treats like their cupcake liner icecreams and crafty popsicles!

### Week 5 - Rainbow Week

Let your colours shine in RAINBOW WEEK! This week our little movers will be exploring all the colours of the rainbow with two bright and cheerful main dances and transforming colourless paper plates into rainbows and fruit platters!

### Week 6 - Family Week

Our final week of summer camp is a celebration of family!
